MBChB, FRCS (Tr&Orth)

GMC: **6073559**

Wessex Knee Surgery / Certus Medicolegal

www.wessex-knee.com | info@wessex-knee.com

Professional Summary

Mr Mark Frame is a senior Consultant Orthopaedic Knee and Trauma Surgeon at University Hospital Southampton NHS Foundation Trust, one of the region's Major Trauma Centres. His practice covers the full spectrum of general orthopaedic trauma, including complex fractures, soft-tissue injuries, upper and lower limb trauma, polytrauma and post-traumatic reconstruction. He has particular expertise in peri-articular fracture management and advanced knee trauma surgery.

His medico-legal work is conducted exclusively in trauma and personal injury through Certus Medicolegal. He provides clear, balanced CPR-compliant reports addressing causation, condition, prognosis, functional impact and future risk. He does not undertake clinical negligence work.

Current Posts

Consultant Orthopaedic Trauma & Knee Surgeon, University Hospital Southampton NHS Foundation Trust

Founder, Wessex Knee Surgery and Certus Medicolegal

Private practice at Spire Southampton and Nuffield Wessex Hospitals

Clinical Expertise

- Full breadth of general orthopaedic trauma including fractures of the upper limb, lower limb, pelvis and complex multi-system injury
